

Marlborough Primary Academy School **READING MASTERS Key Vocabulary**

It is crucial that children have explicit and robust instruction in vocabulary, **to support their verbal and written communication**. At Marlborough Primary Academy, we know that a good understanding of a wide range of vocabulary supports success across the whole curriculum. Therefore, children are regularly taught new vocabulary in all areas of the curriculum.

We know that vocabulary is developed in two ways:

- 1) Through indirect instruction; using rich reading experiences to grow vocabulary 'naturally'. Paying attention to context to work out meaning and using background knowledge.
- 2) Through direct 'robust' instruction. Good vocabulary instruction involves...
 - a. Decisions about which words to teach
 - b. Decisions about how to teach these words

Vocabulary learning at Marlborough is taught in a fun and active way across the curriculum. Each unit of learning within each subject has key vocabulary identified and taught.

Having key subject specific vocabulary gives our children cultural capital to be able to engage with the wider world as they move through life.
